ORIGINAL

Re: National Exchange Carrier Association, Inc.'s Proposed 2007 Modification of Average Schedule Formulas WC Docket No. 06-223

Dear Ms. Dortch:

Today, Amy Rosenthal and the undersigned of Verizon met with Nick Alexander of Commissioner Tate's office to discuss the above-referenced proceeding. Consistent with its Comments in this proceeding, Verizon indicated that the FCC should reject NECA's request to delay the reduction of NECA carriers' settlements over two years. Additionally, Verizon explained that NECA has failed to submit sufficient data to substantiate its average schedule calculations.

Please do not hesitate to contact me if you have any questions about this matter.

Sincerely,

Donna Epps
